

## **ERIKS Acquires Fisher GMBH Kunststoffpräzision**

On 6th May 2010, ERIKS agreed, subject to the approval by the Bundeskartellamt, to acquire all shares in Fisher GmbH Kunststoffpräzision with modern production facilities in Laupheim (near Ulm) and Arnstad (Thuringen). Fisher is active in the engineering and machining of high performance plastic parts for the equipment manufacturing market. Fisher products are being used in the food and pharmacy industry, in the chemical industry and in electronic applications.

Fisher employs in Laupheim 130 employees and in Arnstad 20. The company became throughout the years a specialist and a market leader in its activities on the German market. With this acquisition, ERIKS has strengthened its market position with machined industrial plastics considerably. Fisher will be integrated as a Core Competence Centre within the existing structure of ERIKS Germany.

## **About ERIKS UK**

We offer over 90 years technical knowledge and experience from 76 nationwide industrial service centres, supplying over 500,000 unique industrial products. We have 88 integrated on site stores and procurement centres reducing the costs of all maintenance and repair products and industrial services. With 9 core competence centres and 23 fully equipped repair workshops maintaining equipment from electric motors, pumps, gearboxes, generators, transformers through to condition monitoring based preventative maintenance services, such as thermography, air leak surveys and vibration analysis.
