

New ERIKS Coventry branch office and trade counter has a fluid-power advantage

ERIKS is pleased to announce the re-location of its Coventry branch to purpose built premises at Hotchkiss Way on Binley Industrial estate. The new branch location is part of the ERIKS UK national network of seventy-five distribution outlets, engineering workshops, manufacturing sites and technology development centres.

As Europe's largest group of its type, ERIKS is able to offer a unique mix of maintenance, repair and overhaul (MRO) products and services alongside the supply, development and manufacture of a huge range of products to OEM manufacturers and other volume users.

One distinct area of expertise; fluid power products, including hydraulic and pneumatic components and assemblies is focussed on the same site as the new branch, providing an unparalleled access to parts and technology. This means the branch team have access to the best hydraulic, pneumatic and filtration technical experts in addition to on-site specialist stock and engineering services.

Mark Powell, ERIKS Coventry Service Centre Manager comments,

'Moving to the new building is great news for us; we will still keep our trade counter and maintain profiled stock for many of our local customers. We will also be advertising for new staff shortly. We have access to 500,000 product lines at the local National Distribution Centre in Halesowen, plus over a 1,000 lines we keep in stock on site. We also now offer a same day hose making facility right here.'

The new address is: ERIKS Coventry Service Centre, Unit 2, Hotchkiss Way, Binley Industrial Estate, Coventry, Warwickshire, CV3 2RL, Tel: 02476 233745, Fax: 02476 233733, Email: coventry@eriks.co.uk, Web: www.eriks.co.uk
