

ERIKS has reached an agreement to acquire the activities of Rawson LP, Houston, Texas, United States.

Rawson is a leading flow control solutions provider and distributor of process control instrumentation, valves and accessories, field instruments and engineered equipment in the US Gulf Coast. Rawson provides sales, services and inventory to over 5,000 customers from 17 stocking branch locations serving Texas, Louisiana, Mississippi, Oklahoma, New Mexico, Arkansas and Mexico. Rawson generates an annual sales of over us \$100M.

Rawson serves the refining, chemical, oil and gas, power generation, pulp and paper, food processing, pharmaceutical and semi-conductor industries.

Rawson provides products and services in six application areas:

- Valve Solutions
- Control Solutions
- Measurement Solutions
- Instrument Support Solutions
- Energy Management Solutions
- Calibration Solutions

With this acquisition, ERIKS creates a platform for further growth in the North American process technology markets. Rawson also strengthens ERIKS' position as a global industrial service provider.

The activities of Rawson will be developed as an independent business unit within ERIKS USA.

About ERIKS UK

We offer over 90 years technical knowledge and experience from 76 nationwide industrial service centres, supplying over 500,000 unique industrial products.
