New aftermarket exhausts now available from Klarius

Klarius Products has added new exhaust systems to its product range, suitable for a wide selection of popular hatchbacks and saloons including the Mini Cooper and Skoda Octavia. All the new exhausts are available with next morning delivery in the UK.

The full list of new exhausts is [available here](#).

Additional parts now available from the Klarius range include full exhaust systems for the pint-sized Hyundai I20 1.2; the handsome Seat Leon 1.6 from 2012 and beyond; Renault's Spacious Grand Modus 1.5; the spritely Peugeot 208 1.2; Vauxhall's executive Insignia 2.0 and Volkswagen's class-leading Golf 2.0 from 2013 onwards. Klarius develops new components to service both popular and niche vehicle applications, ensuring comprehensive coverage of the UK car parc.

The Klarius range has quality built in. An active supplier of OES parts for leading automotive brands – Klarius utilises its in-house research, manufacturing and testing facilities to offer products that provide the same performance as the equivalent OEM part. This is backed up by a standard 2-year warranty and a Fit First Time guarantee. All applicable components are legislatively compliant.

Klarius works with an in-house logistics partner, Autologistiks, which operates vans exclusive to Klarius customers, ensuring accurate and reliable deliveries. Availability is ensured thanks to dynamic stocking procedures, which balance available components with market demand, securing easy access to all 11,000+ parts in range.
